COLLARS AND LEASHES

Light, streamlined, and strong—perfect for trail hounds, water dogs, and stick chasers.

- Radio Frequency (RF) welding creates strong, durable, sleek, seamless construction.
- Waterproof material is light, strong, wipes clean, and won't absorb odor.
- Collar's top-mounted leash attachment point makes catch and release a breeze.
- Compact leash fits in a pack or pocket.

Saucer Bed

Dual density foam pad, removable, washable bolster—this versatile bed may be the perfect canine sleep system.

Fleece Blanket

Tailored to work with the Saucer Bed—it's so soft, comfortable, and cozy it's almost a bed by itself.

Bed features:

- Base pad of dual-layer foam for long lasting comfort and insulation.
- Lofty, poly filled, machine washable bolster secures to the base pad.
- Incredibly versatile—use it all together or use the base pad alone as a travel bed.

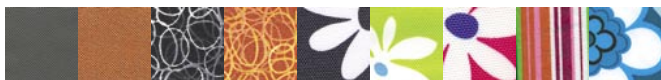

Blanket features:

- Two layers of warm, lofty, polyester fleece for comfort and insulation.
- Machine wash and dry.
- Makes a great travel bed.

Lapper & Three-Dog Bowl

OllyDog's instant classic—the collapsible bowls that actually hold water and let your dog drink.

- Rigid sides keep bowl upright and wide open for easy drinking.
- Waterproof, vinyl coated liner has seamless “bathtub” construction to prevent leaks.
- Lapper holds a liter and a half, folds down to pocket or pack size.
- Three-Dog holds 3 liters and is wide enough for three snouts.

Olly Flyer

A burly disc that floats, folds, and flies—the Flyer's fast becoming a dog park favorite.

OLLY FLYER

size 12"
colors Orange

- Industrial strength, waterproof, urethane coated material resists rips and defies punctures.
- Grip-Lip on top makes it easy for your dog to pick up the disc.
- Flies great, soft, easy to catch.

Olly's Odor Out

Whether they roll in it or get sprayed with it, this gets rid of the smells your dog loves and you hate—even skunk.

OLLY'S ODOR OUT

IT STARTED WITH THE QUEST FOR A BETTER TRAVEL BOWL

Some friends who designed and built outdoor and mountaineering gear started playing around with the high-tech materials they had at work and making their own dog gear — collars, leashes, and the Three-Dog Bowl. The stuff — especially the bowl — caught folks attention and the friends realized they were on to something. OllyDog was born.

The original Three-Dog bowl is still in use.
